

Ameron Washington Poles - Embedded

Available in Centrecon and Contemporary series

In 1910 the Commission of Fine Arts in Washington D.C. designed the simple, classically fluted lighting standard on which the Ameron Washington pole is based. Our version of the classic design is available in durable, low-maintenance, prestressed, and spun-cast concrete that retains its beauty for many years even in the most severe weather conditions.

Features and Benefits

- Prestressed steel and highest quality concrete are centrifugally cast for ultimate strength and durability
- Natural stone and terrazzo aggregates maintain a like-new appearance with virtually no maintenance
- Conforms to applicable sections of ACI, AASHTO, ASTM, and IBC standards
- Exclusive 10-year warranty

Colors and Finishes

A wide range of standard, preformulated, and custom colors are available. The concrete shafts are lightly blasted to expose the texture and color of the natural stone. See separate aggregates and finishes sheet for details. We offer Amerishield, a premium graffiti-resistant coating, as well as other durable sealers and protectants that further enhance colors, protect the concrete surface, and aid in the removal of graffiti.

Durability with a classic touch

Embedded style - Information

Catalog number	Pole height "A"	Top OD	Base OD	Embedded depth "B"	Overall length "OL"	Ultimate GL moment (ft/lb)	Pole weight (lb)
26ET10	9' 6"	5 ³ / ₈ "	21"	4'	13' 6"	12,000	710
26ET12	12'	4 ³ / ₄ "	21"	4'	16'	12,000	740
26ET14	14' 6"	4 ¹ / ₄ "	21"	4'	18' 6"	12,000	770

Specifications: Use Contemporary specifications.

Colors and Finishes: See Contemporary color selection guide.

Luminaire Mounting: See technical-mounting options section for more information.

Anti-graffiti and sealer: Optional coatings available for added protection.
